

# Sigma Pi COVID-19 Resident Move-In Checklist

## Pre-Arrival

- Submit pre-arrival questionnaire answers + screenshot of your NY State - Traveler Health Form (if applicable) to Sage/Resident Advisor.
- Take & Receive a negative test result for SARS-COVID-2 3-5 days before arrival.
- Receive & adhere to your assigned 1-hour move-in timeslot.
- Review & Sign with your legal guardians, Cornell's Behavior Compact as well as Sigma Pi's.
- Identify & submit your personal Positive Test Infection Protocol. What will you do if you test positive for COVID-19 & are required to move-out? Cornell's policy around this issue is constantly in flux so be prepared.

## Move-In

- Strictly adhere to your move-in time slot.
- Pack Light: 2 suitcases & 1 backpack are recommended for the shortened semester.
- Recommended you also bring a personal supply of disinfectant wipes & hand sanitizer.

## Quarantine (for residents from states with active travel ban/advisory)

- If traveling from a state with an active travel ban/advisory, required to submit NY State Traveler Health Form + self-quarantine in NY State for 14 days.
- At the end of that self-quarantine period (14 days), you must receive a negative test result.
- Wear your masks at all times outside of your room, do not leave your room except for brief respites outdoors.
- Coordinate with the Steward/Sage/RA to have meals or take-out food delivered to your door.

## Quarantine (for residents from states without active travel ban/advisory)

- Self-Quarantine for 14 days prior to your return to Campus.
- Receive a negative test result campus.
- Continue to wear your mask at all-times outside of your room.
- DO NOT host or attend any social gatherings in the fraternity house or in off-campus annexes.
